

Innovation and Development Assistant - Annacis

Earth's Own Food Company is a pioneering healthy food and beverage company dedicated to nutritional innovation and sustainability. We aim to actively improve people's lives and wellbeing. Earths Own Innovation and Development group are looking for a talented candidate who has the passion and skill to be part of an exciting and progressive company and team. If you feel that you have that talent and creativity to be part of our growth and success, review this job description and apply. Looking forward to hearing from you!

Key Responsibilities:

- Assist management in creating innovations for the company - from idea generation to product launch.
- Research product concepts, functional ingredients and new technologies.
- Explore external source of innovation, knowledge and technology and assist management to make a reliable relationship.
- Coordinate, perform and record results of analytical procedures, including sensory evaluations and shelf life testing.
- Conduct bench tops and attend pilot and plant trials for new products and first production runs.
- Develop and maintain finished product specifications and information.
- Understand current CFIA labelling regulations, as they apply to food. Notify management of any changes or issues.
- Revise & develop nutritional information and ingredient declarations using the Genesis software program.
- Review Packaging Label artwork for approval.
- Evaluate ingredients with respect to new projects, substitution and cost saving initiatives.
- Work with team in meeting product launch timelines.
- Create and maintain required ISO and SRED documents and records.
- Attend training courses and trade shows to keep up with latest industry trends.
- This position requires some level of travel and schedule flexibility.

Qualifications:

- Degree in Food Science or Dairy Technology.
- At least 2 year experience in production and product development in dairy and/or related food industry.
- Strong research and analytical skills.
- Ability to effectively communicate with internal staff and external resources.
- Must be self-motivated, detail oriented and have good problem solving skills.
- Proficient in Microsoft word and Excel.
- Excellent interpersonal, organizational and communication skills.
- Excellent interpersonal and organizational skills.
