

## Ingredient Food Technologist *Contract Position*

### **Opportunity:**

GLG Life Tech is a global leader with vertically integrated operations and a renowned innovator and developer of market leading ingredient products across multiple categories with an emphasis on all-natural high intensity sweeteners. Working with major food and beverage manufacturers, processors, pharmaceutical, nutraceutical and retail accounts its customers rely on them to deliver cutting edge ingredient products and innovation. We are now seeking an Ingredient Technologist contract position to assist in the sales and development of all-natural food ingredients including stevia extract, monk fruit extract, inulin, inositol, erythritol, and many more.

Based at its Corporate offices in Richmond, BC, you will support the Vice-President of Technology and his team in this hands-on opportunity in the development of new product innovations and the reformulation/re-engineering of existing all -natural food ingredients with a focus on providing technical support for the Sales team.

This role requires a proactive and knowledgeable Food Ingredient Technologist who will work with the sales team and their clients in the development and scale up / production trials providing technical support and ensuring that ingredient functionality meets client expectations and specifications. You will need to translate between English and Mandarin and prepare and manage the technical and QA/QC files. You will work cross functionally and inter-departmentally utilising in-house knowledge and expertise ensuring that applications are accepted in line with regional markets and requirements.

### **Qualifications:**

You should be educated to Bachelors of Science within a relevant scientific subject such as Food Science, Chemistry or a related discipline and possess proven and demonstrable food ingredient development experience. Due to the International aspect of this role, the successful candidate must be fluent in **both** English and Mandarin.

### **Compensation**

An excellent compensation/benefits package is offered. Salary will be commensurate on experience. This is fulltime 12-18 month contract position to cover a maternity leave. This is a great opportunity to work and learn from a leader in the industry.

### **To apply**
